- Educational Information

1990 ~ 1994 B.S. in Chemistry at Hanyang University

1997 ~ 1999 M.S in Chemistry at Hanyang University

- Personal Core Competency

Process Expert for Plasma patterning

Analyst of Dry Etch Equipment characterization and progressing trend

CO2 Reduction Plan and Processing (ESG)

- Career Information

I have been worked for 22 years in SEC Semiconductor R&D Center (1999~2021).

Attendee of SRAM products (Low power, High speed) development

Attendee of Flash product (Planar) development

DRAM product development (90~10nm) & transfer to High volume manufacturing and especially, attended the plan of CTF (Charge trap Flash) from the beginning.

Participated in 3D DRAM development and CO2 reduction plan until recently.
